**MOTTO: *The Golden Rule*** “Do unto others as you would have them do unto you”

Are you a behavioral health recipient looking for a decent and nice resident? Then, come live with us in a safe, structured, lovely, nurturing Presidential Mansioncare environment.

**OUR MISSION:**

Our mission as a resident centered-care residential facility is to be mindful, sensitive and paying serious attention on purpose to the present moment of our residents without judgment. And above all, we pause, stop, reflect and introspect about the life of our residents and to create a space to let them express themselves as they deem fit to be in a holistic approach that promotes their pursuit of happiness and joy of life.

**OUR VISION:**

Our vision is to provide the very best behavioral health residential care facility in the nation with an experience that our residents will cherish all the days of their life and by meeting all their individual needs, preferences, and full expectations to attain their talents and goals in life. We are the apple eye of our residents care as caretakers, advocates and as their life support to achieve their ultimate desires in life. We have always desire to live a positive and influential life within the compass of the Golden Rule.

**OUR PROMISE OF RESIDENT-CENTERED SERVICE:**

What is Presidential Mansioncare resident-centered care?

It is the promise and practice of basing resident care on individualized needs, preferences and expectations.

What are the goals for Presidential Mansioncare resident-centered care?

- To see the individual person as a unique resident (special, one of a kind, with an individual history or background) that should be respected.
- To help the resident meets his or her individual service plan on wellness, socialization, anger management, medication, and independent life skills towards recovery.
- To respect skills and ability (things he or she is able to do, stores he or she is able to tell) that is unique.
- To support the resident to be successful and maintain happiness

The importance of Presidential Mansioncare resident-centered care?

- Evidence based on the individual needs and peculiar to that person only
- Where they live is their home, their castle, and abode

- Resident choice, including encouraging personal choices in daily activities such as waking, bathing, dining, eating, and watching tv/movies.
- Behavioral resident support specialist as caregivers encourage resident-centered care including talking directly with a resident as possible each day to their satisfaction
- Compliance with Federal and State legislations on health care residential facility support resident-centered care and quality of life
- Holistic approach to the resident that promotes their joy and happiness of life
- Resident-centered care that demonstrate improved quality of care, at a decent cost, with greater satisfaction and happiness in life
- Cultural sensitivity to the individual care and to his or her needs, beliefs and way of life
- Providing collaboration with clinical team support and advocacy with doctors, psychiatrist, registered nurse, clinician social worker and case managers for resident well-being and recovery

Examples of Presidential Mansioncare resident-centered base care are as follows:

- Allowing them choose what they want to wear for the day
- Type and time of bathing, eating, and when to sleep
- Visiting Friends and family when they wish to and as frequently as they want
- Being left to practice own faith
- Alerting residents of changes in their routine with as much advance notice as possible
- Accountability, transparency to residents, their families, behavioral agencies, health agencies
- Advocating for and on behalf of residents health and social benefit rights and interest toward recovery.
